OFNTSC Funding/Operations Update

Ontario First Nations Technical Services Corporation (OFNTSC) has received funding for the following project-based programs: Circuit Rider Training Program; Emergency Management Program; Asset Conditioning Reporting System and the First Nations and Inuit Youth Employment Program. As of today, normal operations have begun to resume for these programs.

Regarding OFNTSC's core funding, 2.2 million will be released in August as OFNTSC engages in ongoing discussions with Indigenous Services Canada to make improvements on the funding model. The remaining core funding is expected to be confirmed in late September 2019.

OFNTSC Student Classic Golf Fundraiser – NEW DATE!!!

Join us at the Greens at Renton in Simcoe on **Sunday, September 15th** for our Student Classic Golf Fundraiser. Each year we raise funds for our Student Scholarship and Robert Olivier Memorial Awards. All proceeds from the event go directly to supporting First Nations students who are completing their studies in engineering, science or technology.

To register, please contact Nathan Hill at nhill@ofntsc.org.
