FUEL SYSTEMS MANAGEMENT
PROGRAM IS OFFERING

Online Fuel Handler Training

May 18-20, 2021
9 AM - 12 PM EACH DAY

This course covers:

- ◆ Fuel Systems Identification
- ◆ Visual Inspection Procedures
- ◆ Legislation
- ◆ Receiving Petroleum Products
- ◆ Dispensing Petroleum Products
- ◆ Maintenance
- ◆ Dipping Procedures
- ◆ Grounding/Bonding Procedures
- ◆ Spill Response

A computer, laptop, or tablet with internet connection is required. The system must have a microphone, speaker, and preferably a webcam. A quiet area is preferable.

Please register using Zoom. Instructions on how to join the training will be emailed to each participant after they register.

For more information please contact Mark Schell at mschell@ofntsc.org or call 807-633-7508.
