OFNTSC 2018/19 Annual Report

OFNTSC will be sharing their Annual Report at the 45th All Ontario Chiefs Conference (AOCC) which is being hosted by Batchewana First Nation. The Annual Report will provide a progress update on the implementation of our 5-year Strategic Plan. The Report will also include service reports for all OFNTSC technical service areas, and insight into how the service area actions align with the strategic plan, and key metrics that will be used to track our performance year to year.

The Annual Report will also be published on our website after the OACC.

Our Offices Have Moved

As of May 23, the OFNTSC moved from our Toronto Service Centre to Brantford! Our new location will ensure that clients have continued access to the same quality services in an area that is convenient and welcoming. We want to thank our clients in advance for their support as we make this transition. The Toronto office will be occupied until June 30, 2019 to ensure the 2018-2019 audit is complete.

In addition to our Toronto office move, our Thunder Bay office has also moved. We are excited to continue working with Northern First Nations out of our new Thunder Bay service centre.

Our new office addresses are:

Program Updates:

The Climate Change Program has been cancelled. Despite the great work OFNTSC managed to achieve in the last fiscal year, due to the change in Ontario's government, OFNTSC is no longer able to offer our Climate Change Service. We want to take the time to thank all of the First Nations who took advantage of this important program.
